Patterson Racing goes down under

For almost 20 years Patterson Racing has been supplying engines and components to customers in Australia. We thought that the time was right to take a first hand look at the Australian Nationals located just outside Sydney. The new one year old, 27 million dollar facility was first class. Last month my wife Joey and I traveled down under for a visit. 4 time Australian Pro Stock Champion Peter Ridgeway was our tour guide for the week. Peter is our Western Australian Sales Representative. This gave us the opportunity to meet a number of customers in person that we've done business with in the past years as well as meet new additional Australian Racers. We were totally impressed with their hospitality and their knowledge of American Drag Racing. *Thanks for a great time Mates!*

Rampy Achieves another Milestone

"Seventy is just a number, but it's a nice number to look at and a goal!" ~David Rampy
This summer David Rampy, Comp's all-time winningest driver, was able to reach that goal! So far this year, David claimed win #68 against Dan Fletcher at the Summer Nationals in Topeka. Win #69 came against Craig Bourgeois at the 2nd Annual Summit Racing Equipment Nationals in Norwalk. Then David claimed win #70 at the Fall Nationals in Dallas against Scott Benham. The win against Scott Benham put him at the #6 spot on NHRA's Top 25 Career Wins List. With no signs of slowing down, David can only climb the ladder with each additional win light. Out of David's 70 wins, 59 of them were in Competition Eliminator all with Patterson Power. Congratulations David on #70. We're proud of you.

Martel's RED HOT!!

After wins in Brainerd and Charlotte, Arnie Martel kept his hot streak alive by winning his 3rd National Event title of the year at the Mid-South Nationals in Memphis. His 316 ci SB-2 Patterson Power Plant ran an awesome 7.78 ET in qualifying and helped him run his way through 5 tough rounds enroute to the final round victory. That's Beautiful!!
